We have heard your feedback from previous leadership days and want to give you ample opportunity to learn what others are doing across the state! The goal of the RCN Sharing Gallery Walk is to learn what other RCNs are doing related to the 5 contract priority areas. This gallery walk will be integrated into the agenda at the 2019 Fall RCN Leadership Day.

Each RCN will be provided a space (wall and table) to display examples of ideas, resources, tools, and practices used within the RCN or ISDs that are connected to at least one of the 5 contract priority areas:

1. PD with Impact
2. Coaching for Implementation Fidelity
3. Peer to Peer Support
4. Secondary Transition
5. Family Engagement

These are existing resources and/or practices already in use. You do not have to create anything new for the RCN Sharing Gallery Walk.

You can bring the items to share as documents, binders, booklets, a poster, etc. It is not necessary to bring extra copies to share, but you may bring copies if you want to. We ask you to share a copy of your resource example(s) in this Google folder so the other RCN can access your resource. This could be shared in a number of formats such as a digital copy of the resource (Word, pdf, etc.), video, picture of the resource if you cannot easily send it, or link to a website.

How many items do you have to bring? This will vary by RCN and it will depend on what you plan to bring. If each RCN could bring about five resources, that would give us 80 resources to share across all RCN.
