

Hull House

The Purpose of Hull House:

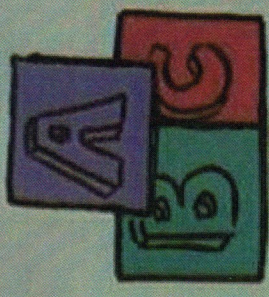

The purpose of Hull House was to get people who lived in poverty off streets, children out of trouble with the law, and liter off streets. She also wanted to make a point of how inadequate housing & schools were in her neighborhood. Jane had a fondness for kids & wanted to make an impact.

Founder: Jane Addams

When Jane Addams was younger she saw & experienced the drab, impaired condition of the area around her. People were living in poverty, & she set a goal to build a "haven" for people to come & seek or get help. She was born on Sep. 6, 1860 in Cedarville, which was a very small village that had poor living space and many people who were in need of assistance. Young children spent aimless hours on the street, instead of being in school, what was as bad as the streets were. Trash littered the roads, & she wanted it to change. So Jane had set up a settlement house from a dilapidated mansion. She used it to allow in people to settle (off the streets), & she herself would live & work among them.

Assistance/Services:

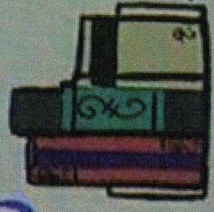

- Day Care
- Kindergartens
- Libraries
- Art Gallery
- Employment Agency
- Meeting Place for Unions

The Hull House

Hull House

Hull House was in part successful due to its ability to know what the neighborhood needed and then make people aware of their ability to fulfill that need. To help people become more aware of Hull House, create a pamphlet about Hull House and Jane Addams that does the following:

- Describes the purpose of the house
- Describes the founder of the house
- Describes the services offered by the house
- Visuals that assist with the information

You will be graded on the following:

	Points Possible	Points Earned
Correctly describes information with depth and detail knowledge from the reading is apparent.	25	
Care, creativity and effort are present throughout pamphlet.	10	
	35
