

ADMINISTRATOR MODULE

Virtual Training

Date: December 10, 2021
Time: 8:30 a.m. - 11:30 a.m.

Audience:
Administrators (Principals, Supervisors, Directors, School Leaders)

Description:

The administrative module provides a fast-paced overview of the key components, concepts, and evidence-based practices involved in effectively supporting students with ASD in the least restrictive environment. The connection between ASD and behavior that often results in discipline referrals will be discussed, as well as how characteristics associated with ASD can be used to improve educational outcomes.

This module will include tools, strategies, and processes for improving implementation of evidence-based practices and will explain the role of the administrator in providing feedback to staff, creating a culture of inclusive practices, and reducing exclusionary discipline.
