

DECISION MAKING

Step One: State the Problem: _____

Step Two: List two options to solve the problem.

1 _____	2 _____
_____	_____
_____	_____
_____	_____

Step Three: What are the benefits and consequences? List one pro (+) and one con (-) for each option.

<p>Pro: _____ _____</p> <p>Con: _____ _____</p>	<p>Pro: _____ _____</p> <p>Con: _____ _____</p>
---	---

Step Four: Do these options (listed in Step 2) agree with your values?

Step Five: Weigh the options and decide: If you had to make this decision, list the option (from Step 2) would you chose?

Step Six: What would you have to do to carry out this decision?

To carry out this decision I would have to _____
