

Principles of Treatment for Childhood Trauma: Helping Children Move from Dysregulation to Healthy Development

Participants in this session will explore the core concepts of engaging in clinical practice with traumatized children and families. Using case analysis, participants will practice elements of trauma focused cognitive behavioral therapy.

Patricia Stow Bolea, Ph.D., M.S.W, is a Professor in the Grand Valley State University School of Social Work. She also serves as a Faculty Fellow in the Grand Valley State University Pew Faculty Teaching and Learning Center. Her teaching and research interests include social work clinical practice, cultural service learning, and civic engagement.
