Mary Idema Pew Green Building (LEED) Scavenger Hunt
Competition Checklist for Instructors

Note to Instructors: The Scavenger Hunt Competition is intended to ensure that students working in groups stay together throughout the library rather than dividing up the work of the Scavenger Hunt. This ensures that the students watch all videos and collaborate to answer the corresponding questions. It can be helpful and motivational to have a small award (e.g., extra points) for the group(s) that win(s) the Scavenger Hunt competition. It is recommended to ask students to name their photos based on the content, upload their photos to a shared drive, and submit a link to the instructor via Blackboard.

Photo Content	Possible Points	Group #2	Group #3	Group #4	Group #5	Group #6	Group #7	Group #8	Group #9	Group #10	Group #11	Group #12
