ACUC – Your Link to the Global Network of College and University Clubs

The Association of College and University Clubs is your link to an international community of members-only clubs on or near the campuses of the world's leading colleges and universities. As a member of a college, faculty or university club participating in the Association, you enjoy reciprocal privileges at clubs throughout Canada, the United States, Europe, Australia and Asia.

First in Club Reciprocity

Founded in 1978 as the Association of Faculty Clubs, the organization initiated one of the first established multiclub reciprocal programs, recognizing the value of extending club membership privileges to include access to other campus clubs. Today, the world's premier college, university and faculty clubs participate in the ACUC network.

The ACUC Reciprocal Agreement

All clubs belonging to the Association of College and University Clubs recognize and honor the Reciprocal Agreement, which allows individuals in a member club to visit any of the other clubs within the Association. The Reciprocal Agreement encourages fellowship among university communities, and enhances communications between associated clubs.

ACUC Reciprocal Membership Card

Individual clubs may issue an ACUC reciprocal membership card to any member in good standing. The card identifies you as an active member of an ACUC club. Contact your club manager or membership department to obtain your ACUC card.

Visiting Other Clubs

A list of participating clubs is available from your home club or on the ACUC Web site. Each club in the Association is a unique reflection of the university community it serves. The hours of operation, facilities and services offered may be quite different from club to club. For your convenience in planning visits to other clubs, the Association Web site includes a list of all clubs by geographical location, along with information about available services and links to the club Web site. Often the manager of your own club can assist in arranging a visit to another club. To ensure an enjoyable visit to another university club, it is important to telephone ahead to confirm the club's hours and services and to make reservations. Individual clubs may have restrictions in the use of their facilities or in the frequency of visits, which should be respected. When you call, be sure to inquire about any restrictions that may apply.

Tips for a Successful Visit

Reservations: Reservation policies vary widely from club to club. While larger clubs may be able to graciously accommodate visitors without reservations, often a smaller or busier club cannot. It is always a good policy to call ahead and make a reservation, regardless of the size of the club.

Dress Guidelines: Dress guidelines for dining also vary from region to region, by custom or seasonally. The club's Web site may provide information on appropriate dress, or again, it is wise to phone ahead and inquire.

Payment for Services: Billing procedures are unique in each club. Visiting members are generally expected to pay for all cocktails, meals and other services at the time of their visit. Some clubs are not able to invoice for services rendered. Most clubs do not accept credit cards; most will accept checks with corroborating identification. The ACUC Web site's Reciprocal Clubs Information Section provides payment information for most clubs; or inquire when calling for reservations.

Overnight Guest Rooms: A list of clubs with overnight accommodations may be found at www.acuclubs.org.

Enjoy your visit!

The ACUC Reciprocal Agreement exists to serve our members! Please be sure to let your club manager know of your visits to other clubs, and how well the program works for you. Your comments are welcome!
