GRADUATE PROGRAMS AT GRAND VALLEY

An advanced degree is a wise next step in lifelong learning and career growth, and Grand Valley’s more than 70 areas of graduate study make getting the credentials you need more achievable than ever.

Grand Valley’s graduate programs produce effective leaders who find employment, promotions, or further graduate or professional studies that help realize those ideals. That’s the Laker Effect, and we invite you to experience it yourself.
FACULTY WHO TRULY CARE

93% OF FACULTY HAVE A DOCTORATE OR TERMINAL DEGREE

55+ FACULTY MEMBERS HAVE EARNED FULBRIGHT SCHOLAR AWARDS SINCE 1964

Our faculty members contribute to the growth of their professions, which means more opportunities for you to work on current, relevant, and innovative projects. And because they have connections to more than 400 local and national companies, networking, research, and consulting work is plentiful.

True to our liberal education foundation, all of our graduate programs encourage critical thinking, problem-solving, and cultural understanding, better preparing you for life in a fast-changing professional world.
“The most rewarding aspect of teaching is seeing students getting real-world experience. It’s not just about being in the classroom. Students get to see how what they’re learning can be applied to their job.”

LINDSAY CORNEAL, PH.D.
PROFESSOR, PROJECT DESIGN AND MANUFACTURING ENGINEERING
Our investment in facilities is exceeded only by commitment to providing you with a graduate education that includes unique opportunities for professional networking and collaborative learning. Our campuses in Allendale and Grand Rapids provide the classrooms and cutting-edge research facilities to prepare graduates for the needs of regional, national, and international businesses, many of which we partner with as an important part of West Michigan’s thriving economy. The new Daniel and Pamella DeVos Center for Interprofessional Health will enhance collaboration and interaction between students and allow for learning on state-of-the-industry simulation and technology. With dedicated buildings for health professions, engineering, and business, it’s clear that we’re focused on being partners in your postbaccalaureate success.
Grand Rapids metropolitan area recognized as one of the best midsized cities for economic growth.

UNIVERSITY ACCREDITATION

Accounting and Taxation: The Association to Advance Collegiate Schools of Business (AACSB International)
Athletic Training: Commission on Accreditation of Athletic Training Education (CAATE)
Audiology: Candidate for Accreditation by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA)
Business, Seidman College of: The Association to Advance Collegiate Schools of Business (AACSB International)
Clinical Dietetics: Accreditation Council for Education in Nutrition and Dietetics
Computer Science and Information Systems: Computing Accreditation Commission (CAC) of ABET
Educational Leadership: National Policy Board for Educational Administration (NPBEA)
Educational Leadership: Educational Leadership Constituent Council (ELCC), Michigan Department of Education
Special Education Administration: Council for Exceptional Children (CEC)
Education Technology: International Society for Technology in Education (ISTE)
Graduate Teacher Certification (GTC): Council for the Accreditation of Educator Preparation (CAEP), Michigan Department of Education
Higher Education: Higher Learning Commission (HLC)
Instruction and Curriculum:

Early Childhood Education: National Association for the Education of Young Children (NAEYC), Michigan Department of Education
Educational Differentiation: Higher Learning Commission (HLC)
Elementary Education: Association for Childhood Education International (ACEI), Michigan Department of Education
Secondary Level Education: Michigan Department of Education

Literacy Studies: International Literacy Association (ILA), Michigan Department of Education
School Counseling: Michigan Department of Education, M.D. Counseling and Guidance Services Standards
Special Education: Council for Exceptional Children, Michigan Department of Education
Engineering: Accreditation Board for Engineering and Technology (ABET)
Health Administration: Commission on Accreditation of Healthcare Management Education (CAHME)
Medical Dosimetry: Joint Review Committee on Education in Radiologic Technology (JRCERT)
Nursing: Commission on Collegiate Nursing Education (CCNE)
Occupational Therapy: Accreditation Council for Occupational Therapy Education (ACOTE)
Physical Therapy: Commission on Accreditation in Physical Therapy Education (CAPTE)
Physician Assistant Studies: Accreditation Review Commission on Education for the Physician Assistant (ARC-PA)
Public Health: Council on Education for Public Health (CEPH)
Public, Nonprofit, and Health Administration, School of: National Association of Public Affairs and Administration (NASPAA)
Recreational Therapy: Commission on Accreditation of Allied Health Education Programs
Social Work, School of: Council on Social Work Education (CSWE)
Speech-Language Pathology: Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) of the American Speech-Language Hearing Association (ASHA)
ADMISSION TO GRAND VALLEY

To take the first step to create more opportunities and be assured of admission consideration, we recommend that you submit an application and all supporting documents 60 days before the start of the semester in which you wish to enroll.

Applicants should become familiar with entrance requirements well before their intended admission date. Some programs have more restrictive application deadlines.

Specific requirements for graduate admission are outlined in the Grand Valley State University Undergraduate and Graduate Catalog. Visit gvsu.edu/catalog.

APPLICATION PROCEDURE FOR GRADUATE DEGREE-SEEKING STUDENTS

Applicants for graduate admission must meet the following minimum requirements in order to be considered:

- A baccalaureate degree from a regionally accredited college or university in the United States, or the equivalent of this degree from another country.
- Demonstrated ability to pursue graduate work successfully. Graduate programs generally require an undergraduate grade point average of at least 3.0.

To be considered for graduate admission, you must submit the following items:

- A completed graduate application for admission. Apply online at gvsu.edu/gradapply.
- A $30 nonrefundable application fee (unless you have previously applied to Grand Valley or have a baccalaureate degree from Grand Valley).
- Official copies of transcripts from all institutions of higher education previously attended (whether you earned credit or not).

Transcripts must be sent from those institutions directly to the GVSU Admissions Office.

Note: We do not require official transcripts from Grand Valley State University.

- Test scores from the TOEFL (Test of English as a Foreign Language), IELTS (International English Language Testing System), MELAB (Michigan English Language Assessment), PTE (Pearson Test of English), or Duolingo English Test for applicants whose native language is not English. The following GVSU graduate programs will accept successful completion of ELS 112 as demonstration of English language proficiency: applied computer science, cell and molecular biology, health informatics and bioinformatics, and biostatistics.
- Additional application documents as required by each graduate program. These requirements and application procedures are listed under each graduate degree program.

You must submit a completed application and all required documentation to the Admissions Office before your application file receives admission consideration. Applicants whose files are incomplete will not be considered for admission.

GRADUATE NONDEGREE-SEEKING STATUS

Students with a baccalaureate degree who are not seeking a graduate degree or have not completed all of the admission requirements of their chosen program may be granted nondegree-seeking status. A maximum of six to 12 semester credits may be earned at Grand Valley State University as a nondegree-seeking student, depending on the student’s program of interest. Some programs have more restrictive guidelines. These credits may be considered for transfer into a graduate program at a later date. Students should check specific program descriptions for details.

CHANGING FROM NONDEGREE-SEEKING TO DEGREE-SEEKING STATUS

You may seek a change in status by

1. submitting all required admission materials; and
2. submitting a degree-seeking application to the Admissions Office. Apply online at gvsu.edu/gradapply.

Contact the Admissions Office at (616) 331-2025 or (800) 748-0246 or visit us at gvsu.edu/admissions for more information about admission requirements and procedures.

FINANCING YOUR GRADUATE STUDIES

Grand Valley offers an excellent graduate education at a reasonable cost. Still, we understand the costs of a graduate degree may be a concern to you. That’s why we work hard to make sure you understand all of the different options you have for financing your studies:

- Federal loans – Degree-seeking students may qualify for federal student loans. The first step is to file the Free Application for Federal Student Aid (FAFSA). You may apply for financial aid online at fafsa.ed.gov.
- Graduate scholarships – There are a number of scholarship opportunities available to graduate students. The best opportunities are through FASTWEB and BrokeScholar.
- Company reimbursement – Some employers are able to help employees finance their education. Talk with your supervisor about any assistance your employer can offer. You can even put off paying for a class until after it has been completed with our Company Deferment Plan.
- Graduate assistantships – A graduate assistantship is a great opportunity to offset the expenses of a graduate degree.

Visit gvsu.edu/financialaid to learn more about financing your graduate studies.

LAKER LIFETIME LEARNING ACCOUNT

The Laker Lifetime Learning (L3) account is available to any Grand Valley alumni to use for future credit-bearing coursework. This $1,000 fund can be used toward advanced degrees, badges, or certificates at Grand Valley. For eligibility and additional information, visit gvsu.edu/l3.
SET YOURSELF APART

A graduate degree from Grand Valley State University is a distinct advantage in this competitive marketplace. No other university in West Michigan has the faculty connections, business partnerships, and research opportunities we do. No one has our breadth of program choices and, because we attract the best and brightest, Grand Valley delivers the critical student-to-student and faculty-to-student interaction you want and need.

That’s the Laker Effect. Wouldn’t this be a great time to put it to work for you and really set yourself apart?

VISIT GRAND VALLEY

We encourage you to visit Grand Valley. Walk through the L. William Seidman Center and Richard M. DeVos Center in downtown Grand Rapids. Visit our Health Campus on the Medical Mile. Check out our three dedicated engineering buildings. Meet with a program director. However you connect, expect to be impressed.

Take control of what’s next and schedule an appointment at gvsu.edu/gradinfo or by calling: (616) 331-2025 or (800) 748-0246.

CERTIFIABLY RESPONSIBLE
We were named one of the Sierra Club’s Coolest Schools for our commitment to sustainability. And we’re at the top of the club’s list in Michigan for our care of the environment.

We offer more than 200 sustainability-related courses and run an aggressive recycling program.

All of our new and remodeled buildings meet LEED® standards. Even the paper this was printed on contains fiber from certified, responsibly managed forests. It was produced using certified renewable energy, includes a minimum of 10% recycled fiber, and was printed locally.

Please recycle this book. Or, better yet, pass it on.

Grand Valley State University is an affirmative action, equal opportunity institution. It encourages diversity and provides equal opportunity in education, employment, all of its programs, and the use of its facilities. It is committed to protecting the constitutional and statutory civil rights of persons connected with the university. 9/21
