

Table of Contents

Acknowledgments.....	3
Abstract.....	4
Table of Contents.....	5
List of Tables	11
Chapter One: Introduction.....	12
Problem Statement	12
Importance, Background, and Rationale of Study.....	14
Statement of Purpose.....	17
Research Questions.....	17
Hypothesis.....	18
Research Design.....	19
Terminology and Definitions.....	19
Delimitations.....	21
Limitations.....	22
Organization of the Study.....	23
Chapter Two: Literature Review.....	24
Introduction.....	24
Theoretical Frameworks.....	24
Transdisciplinary Research Theory.....	25
Mind, Brain, and Education	27
Summary of Frameworks	28
Synthesis of Research Literature.....	28

Prevalence and impact of feeding difficulties.....	28
Best practices for addressing feeding difficulties.....	29
Interventions.....	29
Interdisciplinary teams.....	30
Interagency collaboration.....	30
Role of education and early intervention.....	32
Highly qualified providers.....	34
Summary and conclusions.....	35
Chapter Three: Research Design.....	36
Introduction.....	36
Participants/Subjects	36
Target population.....	36
Participant recruitment.....	37
Participant involvement.....	37
Financial cost, potential benefits, & researcher conflict of interest.....	37
Instrumentation	38
Data Collection	39
Study dates & location.....	39
Consent process & documentation.....	40
Identifiable information & data security.....	41
Type, severity, & risk level of study.....	41
Data Analysis.....	41
Qualitative data analysis	42

Respondent validation.....	42
Triangulation.....	42
Use of numbers	42
Quantitative data analysis	42
Summary	43
Chapter 4: Results	45
Introduction.....	45
Context.....	45
Findings.....	45
Structural supports in place and needed.....	46
Direct service provider supports	47
Service providers on staff	47
Provider training	48
Teaming structure	49
Feeding services provided.....	51
Administrator supports.....	51
Experience with feeding difficulties	51
Training on addressing feeding difficulties.....	52
Training on interagency collaboration.....	52
Community partnerships.....	52
Level of collaboration	53
Collaborative council involvement	54
Proximity of community partners	55

Structural supports and interagency collaboration.....	55
Levels of interagency collaboration and access.....	56
Summary of findings.....	57
Chapter 5: Conclusion.....	58
Summary of the Study	58
Conclusion	60
Discussion	62
Structural supports in place and needed.....	62
Direct service provider supports	62
Service providers on staff	63
Provider training	64
Teaming structure	65
Feeding services provided.....	65
Administrator supports.....	66
Experience with and training on feeding difficulties.....	66
Training on interagency collaboration	67
Community partnerships	67
Level of collaboration	67
Collaborative council involvement	69
Proximity of community partners	69
Levels of interagency collaboration and access.....	70
Summary of discussion	70
Recommendations.....	71

Further research	71
Structural supports and interagency collaboration.....	71
System of services in early intervention	71
Transdisciplinary research	72
Scope of practice.....	72
Recommendations to the field	73
Research school collaboration	73
Professional development on feeding difficulties.....	74
Interdisciplinary certification in feeding interventions.....	76
Policy implications.....	77
Local	77
Internal procedures.....	77
Interdisciplinary teaming	77
Collaboration between local agencies.....	78
State.....	78
Funding	78
Increasing the levels of interagency collaboration.....	79
State guidance on roles.....	79
Federal.....	80
Supports for research in early intervention.....	80
Review of state funding systems.....	80
Summary of Recommendations.....	81
References.....	82
