WHY CHOOSE GVSU?

• 70+ areas of graduate study including degrees, certificates, and badges.

• Campuses in Allendale and Grand Rapids with dedicated, cutting-edge facilities for health professions, engineering, and business.

• Our faculty members contribute to the growth of their professions, with connections resulting in more opportunities for networking, research, and consulting for our students.

• New Daniel and Pamella DeVos Center for Interprofessional Health enhances collaboration and interaction, allowing for learning on state-of-the-art simulation and technology.

• Grand Rapids area ranked as “one of the best places to live in the U.S.” by U.S. News & World Report

• The Laker Lifetime Learning (L3) credit puts $1,000 aside for every GVSU graduate to use for future classes at Grand Valley.

National Association of Public Affairs and Administration (NAPAA)

Recreational Therapy:
Commission on Accreditation of Allied Health Education Programs

School Counseling:
Michigan Department of Education, MED Counseling and Guidance Services Standards

Student-initiated Combined Degree

“Best Master’s University”

WASHINGTON MONTHLY
To take the first step to create more opportunities and be assured of admission consideration, we recommend that you submit an application and all supporting documents at least 60 days before the start of the semester in which you wish to enroll.

Applicants should become familiar with entrance requirements well before their intended admission date. Some programs have more restrictive application deadlines. Specific requirements for graduate admission are outlined in the Grand Valley State University catalog. Visit gvsu.edu/catalog.

GRADUATE NONDEGREE-SEEKING STATUS
Students with a baccalaureate degree who are not seeking a graduate degree or have not completed all the admission requirements of their chosen program may be granted nondegree-seeking status. A maximum of six to 12 semester credits may be earned at Grand Valley State University as a nondegree-seeking student, depending on the student’s program of interest. Some programs have more restrictive guidelines. These credits may be considered for transfer into a graduate program at a later date. Students should check specific program descriptions for details.

FINANCING YOUR GRADUATE STUDIES
Grand Valley offers an excellent graduate education at a reasonable cost. As a matter of fact, graduate tuition rates are based on academic program instead of residency, so it is the same affordable rate for in-state, out-of-state, and international students.

Still, we understand the cost of a graduate degree may be a concern to you. That’s why we work hard to make sure you understand all the different options you have for financing your studies:

• Federal loans – Degree-seeking students may qualify for federal student loans. The first step is to file the Free Application for Federal Student Aid (FAFSA). You may apply for financial aid online at studentaid.gov.

• Graduate scholarships – There are several scholarship opportunities available to graduate students. The best opportunities are through FASTWEB and BrokeScholar.

• Company reimbursement – Some employers are able to help employees finance their education. Talk with your supervisor about any assistance your employer can offer. You can even put off paying for a class until after it has been completed with our Company Deferment Plan.

• Graduate assistantships – A graduate assistantship is a great opportunity to offset the expenses of a graduate degree.

Visit gvsu.edu/financialaid to learn more about financing your graduate studies.

APPLICATION PROCEDURE FOR GRADUATE DEGREE-SEEKING STUDENTS
Applicants for graduate admission must meet the following minimum requirements to be considered:

• A baccalaureate degree from an accredited college or university in the United States, or the equivalent of this degree from another country.

• Demonstrated ability to pursue graduate work successfully. Graduate programs generally require an undergraduate grade point average of at least 3.0.

To be considered for graduate admission, you must submit the following items:

• A completed graduate application for admission. Apply online at gvsu.edu/gradapply.

• A $30 nonrefundable application fee (unless you have previously applied to Grand Valley or have a baccalaureate degree from Grand Valley).

• Official transcripts from institutions of higher education as required by your specific graduate program. Transcripts must be sent from those institutions directly to the GVSU Admissions and Recruitment Office.

Note: We do not require official transcripts from Grand Valley State University.

• Test scores from the TOEFL (Test of English as a Foreign Language), IELTS (International English Language Testing System), MELAB (Michigan English Language Assessment), PTE (Pearson Test of English), or Duolingo English Test for applicants whose native language is not English.

• Additional application documents as required by each graduate program. These requirements and application procedures are listed under each graduate degree program listing at gvsu.edu/catalog.

You must submit a completed application and all required documentation to the Admissions and Recruitment Office before your application file receives admission consideration. Applicants whose files are incomplete will not be considered for admission.

ADMISSION TO GRAND VALLEY
To take the first step to create more opportunities and be assured of admission consideration, we recommend that you submit an application and all supporting documents at least 60 days before the start of the semester in which you wish to enroll.

Applicants should become familiar with entrance requirements well before their intended admission date. Some programs have more restrictive application deadlines. Specific requirements for graduate admission are outlined in the Grand Valley State University catalog. Visit gvsu.edu/catalog.
Graduate programs attract students with a really mature understanding of themselves and what they want to do with their lives. Our students are open to all kinds of possibility. They don’t constrain themselves.
