

GVSU LIBRARIES

Welcome to your Libraries!

THE LIBRARY WEBSITE IS YOUR GATEWAY TO RESEARCH

University Libraries have a rich collection of online information resources to support your research, including thousands of e-journals, hundreds of article databases, and millions of articles.

- Libraries website: <https://www.gvsu.edu/library/>
- E-Journals: <https://www.gvsu.edu/library/find-journals-19.htm>
- Databases: <https://www.gvsu.edu/library/databases>

If we don't have the article you need, we can get it from another library through our Document Delivery service: <https://gvsu.illiad.oclc.org/illiad/logon.html>

SUBJECT AND COURSE GUIDES

We have research guides (<https://libguides.gvsu.edu/>) for every subject and many courses. They're a great place to start your research.

WE'RE HERE TO HELP

LIBRARIANS

Finding and using information can be challenging. There is a specific liaison librarian for each subject area at GVSU, and they can help you with your research via email or consultation:

<https://www.gvsu.edu/library/librarians-by-subject-30.htm>

KNOWLEDGE MARKET

The Knowledge Market offers online support for research, writing, digital skills, and presentations in two ways: peer consultations and browsable, self-guided resources:
