Updating your SAS License

SAS licenses are stored in R:\STAT\SAS 9.4 License File Expires 6-30-20

These instructions assume you have the R-drive mapped, if you do not you can copy the files onto

your desktop from the directory above or onto a flash drive, and then proceed navigating to where

they are stored. You can delete them after the renewal.

-run

SAS Deployment Manager 9.4

Select

Renew SAS software

Hit next

Hit browse and navigate to R:\STAT\SAS 9.4 License File Expires 6-30-20

Click next and yes

Next -- Finish

If the x64 workstn does not work try win_wrkstn if you have a windows machine.
