- Strategized and developed department and staff personal goals and commitments to best support a Diverse, Inclusive, and Equitable experience and environment for our community
- Maintained 4-star rating in Great Start to Quality

CAMPUS PARTNERSHIPS

The CEC partnered with 20+ departments including campus field trips and tours, student employment, classroom assignments and research, as well as access to recreation areas for large motor skills development.

In Winter 2022, the Health and Physical Education (HPE) program partnered with GVSU's Children's Enrichment Center (CEC) to teach health and physical education to the P3 class (4 & 5 year-olds). Little Lakers preschool students were provided with instruction for 60-minutes including 10 minutes of dance instruction and 20 minutes of station work:

- Balance beam - working on "animal walks" to build strength
- Wedge mats and gymnastics bars - working on rolling and muscular strength
- Gross motor skills station
- 20 minute health lesson, using the Michigan Model Curriculum

These significant partnerships give GVSU students the benefit of hands-on learning and application while the CEC Little Lakers gain many of the academic rewards.
