#### THE COMMUNITY AND SERVICE CENTER

Thelma Ensink

### Dégagé Ministries

The Community and Service Center provides both emergency services (a warming and cooling center, and access to food) and empowerment services (resource navigation support and case management). It offers one space where people experiencing homelessness can get help with housing, employment, income support, health care, mental health care, transportation, case management, medical and food benefits activation, legal services, and more.

The Community and Service Center is made possible by a collaboration between Mel Trotter Ministries, Dégagé Ministries, Catholic Charities, and seven downtown churches.
