Section 1 – Goals and Projects

Employees will enter their goals and projects

Employee instructions:

The content of the Goals & Projects section is intended to facilitate conversation between you and your supervisor. It will not be rated during the evaluation process. This gives you and your supervisor the opportunity to discuss your goals and projects for the upcoming review period. Once you have added your goals and projects, your supervisor will review and approve them for the upcoming review period, or modify them as needed.

Please keep in mind that Goals & Projects should be SMART.

- For each goal or project, click the “Add Goals & Projects” button below and complete the box that appears.

Section 2 - Job Knowledge and Responsibilities

Employee instructions:

Add your key job knowledge and responsibilities. We recommend no more than 4 job knowledge and responsibilities and that you group similar responsibilities into one item. These can be taken from your job description or your understanding of your expectations for your position. Your supervisor will review these items for the coming assessment period for approval.

- For each job knowledge and responsibility, please click on the “Add Job Knowledge & Responsibilities” button below and enter information into the box that appears.
- In the ‘Title’ field, input a brief description of the job knowledge or responsibility (e.g., customer service at the front desk of the office).
- Upload a supporting document with the “Upload Document” button, if desired.

For MGS employees there will not be a self evaluation component for the university competencies.

Supervisor Instructions:
University competencies are set at an institutional level. Review the university competencies with your employee so they understand the criteria on which you will evaluate them. During the assessment of your employee, rate and comment on each competency.
