GRAND VALLEY STATE UNIVERSITY FACULTY AND STAFF SALARY INFORMATION BOOK

November 21, 2025

Grand Valley State University Salary Information

This information includes all regular full-time and part-time faculty and staff on the payroll as of November 21, 2025. Faculty and staff with split appointments will have only the primary (more than 50%) title and department/unit listed.

The 2025 salary reflects the individual's projected total gross at the time the salary book is produced.

The gross pay for the calendar year may reflect pay for a partial year, (sabbatical, leave-of-absence, new hire), or pay in addition to base for overload, summer, overtime, or commission.

Salaries and hourly rates are set and begin at different times of the year for each of the constituency groups. This document is normally updated once a year (November).

Faculty

Proposed salary increases for the faculty are discussed annually with the Faculty Salary and Budget Committee. Individual faculty salaries are determined by the appointing dean in conjunction with the Provost/Vice President for Academic Affairs.

The salary listed is the actual salary based on the appointment (i.e., academic year, full time, part time, 12-month appointment) for faculty. If on a partial unpaid leave of absence or a reduced load the salary that is listed would be the salary that the faculty member is receiving for the year.

Appointments began August 6, 2025

Executive, Administrative & Professional Staff

Proposed salary increases for the administrative and professional staff are discussed annually with the Administrative Professional Committee. Individual salaries are determined by the appointing dean or officer in conjunction with the vice president.

The salary listed is the actual salary based on the appointment (i.e., academic year, full time, part time, 12-month appointment) for executive, administrative and professional staff. If on a partial unpaid leave of absence or reduced appointment the salary that is listed would be the salary that the executive, administrative and professional staff member is receiving for the year.

The salaries of the executive staff are determined by the President. The Board of Trustees determines the President's salary.

Appointments began August 6, 2025
