

Archaeology Minor (2018-2019)

The Archaeology Minor requires only 7 courses (minimum 22 credits), distributed across 4 areas:

A) 3 Core courses (10 hours total)

B) 2 Regional Issues courses (6 hours total)

C) 1 Cross-disciplinary elective (3, 4, or 5 hours depending on chosen course)

D) 1 Field Practicum (minimum 3 hours)

Students interested in the Minor should contact the current Program Coordinator to select a Field Practicum and a Cross-disciplinary elective that best suits their own interests and goals. The Minor coordinates well with any major, but you should meet with the Program Coordinator regularly to make sure that you have a plan that helps you to meet all your goals efficiently.

A. Core Courses (all are required):

_____ ANT 220 Introduction to Archaeology – 4 cr. (offered Fall and Winter semesters)

_____ ARC 400 Archaeological Methods and Research Design – 3 cr. (offered Winter semesters)
(Prereqs: ANT 220 and one area course in archaeology [ANT 325, ANT 350, CLA 350])

_____ ARC 401 Archaeological Theory – 3 cr. (offered Fall semesters)
(Prereqs: ANT 220, junior standing, and one regional archaeology course [ANT 325, ANT 350, CLA 350])

B. Regional Issues Courses (select two of the following): 1. _____ 2. _____

ANT 325 North American Archaeology (offered in alternating Winter semesters)
(Prereq: ANT 215 or ANT 220 or instructor permission)

ANT 350 Archaeology of the Middle East (offered in alternating Winter semesters)
(Prereq: ANT 215 or ANT 220 or MES 201 or prior approval of the instructor)

CLA 350 Issues in Classical Archaeology (offered every odd-numbered Fall semester)
(Prereq: CLA 250 or HNR 221/222 or prior approval of the instructor)

C. Cross-disciplinary electives (select one of the following): 1. _____

Arabic (or other modern language): ARA 202 (or other modern language at intermediate level)

Art History: ART 322, 323, 425, or 420

Biology: BIO 311 or BIO 452

Chemistry: CHM 115 (for non-CHM, BIO, and GEO majors); or CHM 322 or 425

Geography: GPY 307

Geology: GEO 112 or GEO 312 or GEO 320

Latin (or other ancient language): Latin 350 (or other ancient language at 300-level)

D. Field Practicum: ANT 307 or 308 (*only* when offered as excavation); or CLA 499 or HST 490 or GEO 315, or approved equivalent

Course Selected: _____

*Note: ANT majors should plan to take *6* credits of field school to avoid undue credit overlap*

It is imperative to meet with the ARC Program Coordinator as early as possible!
