*Students must complete a total of two courses with an SWS attribute
 *Students should complete an average of 30 credits per year to earn the required 120 credits to graduate within a 4 year time span
 *The block tuition rate is for 12-15 credits. You will pay additional tuition for any credits over 15

¹ Students who self-place into WRT 098 should take this course in the fall semester and then take WRT 150 in the winter semester of their first year. Students who self-place into WRT 150 should normally take this course in the winter semester of their first year. Students will not need to take WRT 150 if they have earned credit for the course through AP/Dual Enrollment. A grade of C or better is required in WRT 150 in order to satisfy the WRT 150 requirement at GVSU. Credits earned for WRT 098 or ESL 098 do not count toward the required 120 credits for graduation, however they do count for GPA, financial aid, and full time status

²Pre-Med students are advised to take CHM 115 and CHM 116 instead of CHM 109 towards the fulfillment of the Chemistry requirement.

³Pre-Med students are advised to take PHY 220 instead of PHY 200.

⁴Additional credits to reach 120 for graduation, if needed. Based off of a 15 credit per semester schedule.
