**BIOLOGY-BA OR BS-ECOLOGY AND EVOLUTIONARY BIOLOGY**

*The BA degree requires 3rd semester proficiency in a foreign language (201 level).*

*This is a general curriculum guide and is not applicable to every student. It is important to meet with your advisor.*

**The block tuition rate is for 12-15 credits. You will pay additional tuition for any credits over 15**

1. Students planning on professional or graduate school should complete CHM 241, CHM 242, CHM 461, and PHY 220 and PHY 221. See the Pre-Professional Advisors in the CLAS Academic Advising Center for more information.

2. Students must complete a minimum of 41 credits of Biology coursework. If students still do not have 41 credits of Biology coursework after completing both the Biology core requirements (above) and the requirements for their chosen emphasis (reverse), they should select additional Biology courses from the elective categories, BIO Issues courses, credits in research (BIO 499), or internship credit (BIO 490). Students should consult with a Biology advisor prior to selecting elective courses.

3. Choose one of the following to complete the math cognate for the major: MTH 125: Survey of Calculus, MTH 201: Calculus, or STA 215: Introductory Applied Statistics. Students who don’t place into MTH 201 should take MTH 124 as a prerequisite instead of MTH 122+123. MTH 122/123 are prerequisites for PHY 220 and are not part of the Biology major. If a student chooses to take PHY 200, MTH 123 does not need to be completed. PHY 221 is not required but students planning to attend graduate school, professional school, or to pursue secondary teacher certification should complete the PHY 220/221 sequence. MTH 124 and/or MTH 201 will substitute for MTH 122 and MTH 123. To take the Math Proficiency Tests for MTH 122 and/or 123 online, visit this link: gvsu.edu/s/mv
Students must complete a total of two courses with an SWS attribute.

Elective refers to any course that will help you earn the required 120 credits to graduate.

**Declaring the Biology-General Major:**
1. In myBanner, select “Student” > “Student Records” > “Change Major” > “Change Major 1/Program”
2. Choose “Biology-BA or BS Ecology and Evolutionary Biology” from the drop-down box.
3. Click “Submit” and then “Change to New Program”

**Complete ONE course from Categories I, II, and III, and either one course from Category IV or an additional course from Category III.**

The BIO- Ecology and Evolutionary Biology major requires a total of **41 credits** of BIO classes, including certain CMB and BMS courses. Additional course(s) may be needed and can be taken from any category to reach 41 credits. **Elective courses may only count in one category.**

### Category I: Plant Organismal Biology
- BIO 243 Plant Identification & Natural History (3) w/lab
- BIO 303 Plant Morphology (4) w/lab
- BIO 313 Plants and Islands (4) w/lab
- BIO 323 Aquatic and Wetland Plants (3) w/lab
- BIO 333 Systematic Botany (4) w/lab
- BIO 383 Plant-Fungal Interactions (4) w/lab
- BIO 403 Plant Structure and Function (4) w/lab
- BIO 413 Freshwater Algae (3) w/lab
- BIO 423 Plant Biotechnology (3) w/lab
- BIO 433 Plant Ecology (4) w/lab

*Numbers in parentheses indicate # of credits*

1. Offered in Fall semesters only
2. Offered in Winter semesters only

### Category II: Animal Organismal Biology
- BIO 222 Natural History of Vertebrates (3) w/lab
- BIO 232 Natural History of Invertebrates (3) w/lab
- BIO 272 Insect Biology and Diversity (3) w/lab
- BIO 302 Comparative Vertebrate Anatomy (4) w/lab
- BIO 307 Ornithology (3) w/lab
- BIO 362 Fisheries Biology (4) w/lab
- BIO 402 Aquatic Insects (3) w/lab
- BIO 412 Mammalogy (4) w/lab
- BIO 422 Embryology (3) w/lab
- BIO 432 Comparative Animal Physiology (4) w/lab
- BIO 444 Herpetology (4) w/lab
- BMS 208+309 Human Anatomy and Lab (4)
- BMS 290+291 Human Physiology and Lab (4)

### Category III: Principles of Ecology and Evolutionary Biology
- BIO 303 - Plant Morphology (4) w/lab
- BIO 313 - Plants and Islands (4) w/lab
- BIO 333 - Systematic Botany (4) w/lab
- BIO 349 - The Darwinian Revolution (3)
- BIO 352 - Animal Behavior (3) w/lab
- BIO 370 - Marine Biology (3)
- BIO 433 - Plant Ecology (4) w/lab
- BIO 440 - Limnology (4) w/lab
- BIO 450 - Stream Ecology (4) w/lab
- BIO 452 - Human Evolution (3)
- BIO 460 - Terrestrial Ecosystem Ecology (4) w/lab
- BIO 473 - Ecology and Evolution of Plant-Animal Interactions (3)

### Category IV: Applied Ecology & Evolution
- BIO/NRM 308 - Wildlife Ecology (4) w/lab
- BIO 357 - Environmental Microbiology* (4) w/lab
- BIO 362 - Fisheries Biology (3) w/lab
- BIO 370 - Marine Biology (3)
- BIO/NRM 386 - Ecological Restoration & Management (4) w/lab
- BIO 402 - Aquatic Insects (3) w/lab
- BIO 407 - Biology and Society: Study Abroad (with advisor’s permission)
- BIO/NRM 408 - Wildlife Management (4) w/lab
- BIO 417 - International Field Biology (with advisor’s permission)
- BIO 418 - Regional Field Biology (with advisor’s permission)
- BIO 440 - Limnology (4) w/lab
- BIO 450 - Stream Ecology (4) w/lab
- BIO 470 - Conservation Biology (3)
- BIO 473 - Ecology and Evolution of Plant-Animal Interactions (3)
- BIO 475 – Population Genetics (3)
- BIO/NRM 486 - Advanced Restoration Ecology (3)

**Excluded and Restricted Courses:**

The following courses may not count towards the Biology major:

- BIO 104 - Biology for the 21st Century (4)
- BIO 105 - Environmental Science (3)
- BIO 107 - Great Lakes & Other Water Resources (4)
- BIO 109 - Plants in the World (4)
- BIO 205 - Genetics for K-8 Pre-Service Teachers (2)

Any other biology course whose description prevents it from being used in the major.

The following course may only count towards the Biology major with advisor’s permission.

- BIO 355 - Human Genetics (3)

*Note: students may count BIO 357 or BMS 212/213 towards the Biology degree, but not both

The following courses can satisfy part of Gen Ed Issues requirement and may count towards the Biology major after elective-category requirements are satisfied:

- BIO 309 - Plants and Human Health (3)
- BIO 311 - Who’s Running Your Life: Genes, Evolution and Behavior (3)
- BIO 319 - Global Agricultural Sustainability (3)
- BIO 328 - Biomedical Ethics (3)
- BIO 329 - Evolution of Social Behavior (3)
- BIO 338 - Environmental Ethics (3)

It is imperative to meet with your faculty advisor and an advisor in the CLAS Academic Advising Center regularly.

The CLAS Academic Advising Center is located in C-1-120 MAK, 616-331-8585

To schedule an appointment with a Biology and/or Pre-Professional Advisor in the CLAS Academic Advising Center, visit [www.gvsu.edu/clasadvising](http://www.gvsu.edu/clasadvising) and click on “Schedule Appointment”
