¹ WRT 150 earned through AP/Dual Enrollment will fulfill the WRT 150 requirement. A grade of C or better is required in WRT 130 or 150.² MTH 122 and MTH 123 are not required courses in the Biology major. These courses are prerequisites for other required major courses.MTH 124 and MTH 201 will substitute for MTH 122. **Take the Math Proficiency Tests for MTH 122 and/or 123 online: www.gvsu.edu/s/mv**³ Students must have a **minimum of 120 credits** to graduate with **58 of the 120 credits** being from a senior level institution and the **final 30 of the 120 credits** completed at GVSU. Elective refers to any course that will help meet these requirements.⁴ Choose one of the following for the math/statistics requirement for the major: MTH 125: Survey of Calculus, MTH 201: Calculus, or STA 215: Introductory Applied Statistics. Students who don't place into MTH 201 should take MTH 124 as a prerequisite instead of MTH 122+123.⁵ Students must complete a total of two courses with an SWS attribute.⁶ May substitute a 3-credit BIO 490 or BIO 499 with advisor approval. Must occur in final year and include a public presentation. Doesn't satisfy SWS.

Declaring the Biology Major:

1. In myBanner, select “Student” > “Student Records” > “Change Major” > “Change Major 1/Program”
2. Choose “Biology-(BA or BS)-Pre-Professional” from the drop-down box.
3. Click “Submit” and then “Change to New Program”
4. Declare “**Preprofessional Preparation**” as your SECOND MAJOR if you are planning on medical, dental, pharmacy, or optometry school.

General Education Categories fulfilled by the Biology major:
Life Science and Physical Science: BIO 120 and CHM 115 (both fulfill lab requirement)
Mathematical Sciences: STA 215, MTH 125, or MTH 201

Students in the Pre-Professional Emphasis must complete 9 credits of Biology Electives numbered BIO 222 or higher, or approved courses from related fields listed below. Must include at least two (2) lab courses.

The following electives are commonly either strongly recommended, or required prerequisites for pre-professional applicants:

BMS 208 Human Anatomy (3)
 BMS 290 Human Physiology (3)
 BMS 309 Laboratory in Human Anatomy (1)
 BMS 391 Laboratory in Human Physiology (2)

Numbers in parentheses indicate # of credits

Additional Biology Major Elective Options

Select from Biology (numbered 222 or higher), Biomedical Sciences (BMS 208 or higher), Behavioral Neuroscience (PSY 300, 330, 350, or 435), Cell and Molecular Biology (CMB 250 or higher), or Natural Resources Management (NRM 150 or higher). Internship and Research credit are encouraged (BIO490/BIO499).

Notes

- It is recommended to take one of BIO 357 or BMS 212/213, but not both
- It is not recommended to take BIO 355 and BIO 375.
