¹Choose one of the following to complete the math cognate for the major: MTH 125: Survey of Calculus, MTH 201: Calculus, or STA 215: Introductory Applied Statistics.²Students must generally demonstrate competency in college algebra and trigonometry as a prerequisite to veterinary school admission. This requirement can be satisfied in various ways depending on the student and the requirements of specific schools. You should consult with

your advisor regarding the best way to meet this requirement while also satisfying the statistics and mathematics cognate requirements for the Biology major. MTH 122/123 are prerequisites for PHY 220 and are not part of the Biology major. **To take the Math Proficiency Tests for MTH 122 and/or 123 online, visit this link: gvsu.edu/s/mv**

³ Students must complete a total of two courses with an SWS attribute.

⁴ Elective refers to any course that can apply towards the 120 credit needed to graduate.

Declaring the Biology-Pre-Veterinary Medicine Major:
