

Certificate in Medical and Health Humanities

Medical and Health Humanities is a multidisciplinary investigation of medical and health related topics. This certificate program allows students pursuing careers in health or health-related majors, pre-medicine, nursing, athletic training, child life, and social work to broaden their understanding of medicine and health by incorporating the diverse perspectives of a variety of disciplines in the liberal arts and sciences. Completion of courses in the student's plan of study will result in award of the certificate in Medical and Health Humanities. This shall be noted on the student's official university transcript. Students must apply for an audit for a non-teaching certificate upon completion. Visit this link for the certificate request form: <http://gvsu.edu/s/MI>

Requirements for a Certificate in Medical and Health Humanities

The Medical and Humanities Certificate requires 11-12 credits from the courses listed below. No more than two courses can have the same department prefix. Students can only apply two courses from the certificate toward a major and another two to a minor. Students must be degree seeking students to receive the certificate. The certificate will be awarded at the same time as the degree is awarded. All undergraduate certificates have received Higher Learning Commission approval, and students are eligible for financial aid because they are seeking a degree.

Transfer Students

A maximum of two courses can be credited by transfer toward completion of the Medical and Health Humanities Certificate. Students must complete at least two of the courses for the certificate at GVSU.
