

Michigan Test for Teacher Certification

TEST OBJECTIVE AND SUBAREA MATCHING WORKSHEET

This worksheet may be used to review courses in relation to the Michigan Test for Teacher Certification (MTTC) program.

Directions: Use a separate copy of this worksheet for each test field. Obtain a copy of the test objectives for the test field you are analyzing from the MTTC Web site. Indicate which subareas contain which objectives by merging the cells in the "Subarea No." row above the objective numbers for each subarea or making dark lines between objective numbers that mark the beginning and end of a subarea. In the left-hand column, fill in the names of the courses and other resources that may cover content related to the test field. In the row for each course, place a check (✓) or an X under each test objective that is covered by the course.
