NOTE: Students who have graduated from GVSU may still be eligible for a committee letter if they are not currently attending another institution for a post-baccalaureate or graduate program. \*Letters are included as part of secondary/supplemental application, AADSAS can be submitted prior to receipt of all letters so verification process can begin

\*Look at individual schools for specific requirements of number and type of letters (rule of thumb is 3 faculty who have taught you in class (two science, one non-science) & one practicing dentist (preferably one who has observed you in a clinical setting) \*GVSU uses a Committee Letter format. Once your veCollect file is complete, your individual LOEs, application, and student info sheet will be used to compose a committee letter that summarizes your application and all LOEs. Individual letters are then ranked in order of strength and compiled into one file to be submitted by Julie Amon-Mattox to schools through AADSAS.

**Verification:** Process of verification of grades through AADSAS takes 4-6 weeks once ALL required materials are received (this excludes LOEs and supplemental applications)

**Supplemental Applications:** Supplemental applications vary by school and generally include additional fees and essays, make sure you are meeting deadlines set by schools as these are submitted after the initial application. Some supplemental apps require you to submit a photo of yourself; therefore it's a good idea to have a nice/professional photo taken of yourself wearing business-style clothing.

Acceptances: Make sure you are meeting any school deadlines and withdraw applications from all schools following a final decision on attendance. Schools also include a criminal background check and undergraduate disciplinary checks prior to final matriculation.
