Optometry School Fact Sheet

What degree can I earn?

O.D. = Doctor of Optometry

For the 2020 entering optometry class, there were 2,684 applicants nationally who submitted 12,513 verified applications for 1,946 seats in the 23 O.D. programs in the U.S. and Puerto Rico.

What is the nature of this profession?

Optometrists diagnose vision problems and eye diseases, and they test patients’ acuity, depth and color perception, and ability to focus and coordinate the eye. They also manage and treat conditions and diseases of the human eye and visual system. Most optometrists work in private practice. They typically work 40 hours a week; though some evenings and weekends may be required to accommodate the needs of patients, they generally have a good work-life balance. Anticipated job growth is 9% by 2030.

Where can I find additional information about optometry?

- The Association of Schools and Colleges of Optometry [www.optometriceducation.org](http://www.optometriceducation.org) (Follow on social media to get regular updates)
- SCCO California College of Optometry Admissions Blog: [www.optometryadmissions.com](http://www.optometryadmissions.com)

YOU CAN CHOOSE ANY MAJOR YOU WOULD LIKE AS LONG AS YOU FULFILL THE PREREQUISITES FOR OPTOMETRY SCHOOL.

The following courses are strongly recommended as preparation for the OAT and Optometry School:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Name</th>
<th>Course Code</th>
<th>Course Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIO 120</td>
<td>General Biology I</td>
<td>CHM 115</td>
<td>Principles of Chemistry I</td>
</tr>
<tr>
<td>BIO 121</td>
<td>General Biology II</td>
<td>CHM 116</td>
<td>Principles of Chemistry II</td>
</tr>
<tr>
<td>BMS 208</td>
<td>Human Anatomy</td>
<td>CHM 241</td>
<td>Organic Chem for Life Sciences I</td>
</tr>
<tr>
<td>BMS 309</td>
<td>Laboratory in Human Anatomy (Cadaver)</td>
<td>CHM 242</td>
<td>Organic Chem for Life Sciences II</td>
</tr>
<tr>
<td>BMS 212/213</td>
<td>Introductory Microbiology w/lab</td>
<td>MTH 201</td>
<td>Calculus I</td>
</tr>
<tr>
<td>BMS 290/391</td>
<td>Human Physiology w/lab</td>
<td>PSY 101</td>
<td>Introductory Psychology</td>
</tr>
<tr>
<td>BIO 355 or 375</td>
<td>Genetics</td>
<td>STA 215</td>
<td>Introductory Applied Statistics</td>
</tr>
<tr>
<td>PHY 220</td>
<td>General Physics I</td>
<td></td>
<td></td>
</tr>
<tr>
<td>PHY 221</td>
<td>General Physics II</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Other suggested courses: AHS 100, BIO 376, BIO 422, BMS 410, 450, or 426, CMB 405 + 406, COM 201, PSY 364 or SOC 386, CIS 150, Business, Economics, Ethics, Sociology, and Psychology

Some optometry schools may not accept AP credit or online courses for prerequisite courses. If they do, your AP credit may be applied differently than it was at GVSU. Due to variations in admission requirements and procedures, it is advisable to research different optometry programs. Visit the optometry school websites for requirements. School specific information is also available on the ASCO site. See your faculty advisor or an advisor in the CLAS Academic Advising Center for assistance in choosing elective courses.

Prerequisite courses typically require a C or better grade.

OAT

You will need to take The Optometry Admissions Test (OAT). The OAT consists of four tests: Survey of the Natural Sciences (Biology, General Chemistry, and Organic Chemistry), Reading Comprehension, Physics, and Quantitative Reasoning. Traditionally, applicants plan to take the exam the year before starting optometry school. The OAT is scored between 200-400.

The national OAT averages for applicants accepted to optometry school fluctuate minimally from year to year. Recently reported are:

<table>
<thead>
<tr>
<th>Average</th>
<th>Science</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>322.4</td>
<td>317.2</td>
<td></td>
</tr>
</tbody>
</table>

GPA

Some optometry schools have no minimum GPA whereas others may require a 3.0 or higher. Students should research schools of interest and note the GPA profile for students admitted to that program.

All grades for repeated course are factored into your OptomCAS GPA.

The national GPA average for applicants accepted to optometry school fluctuates minimally from year to year. Recently reported was a 3.48 cumulative GPA and a 3.35 Science GPA.
Besides a strong GPA and OAT score, optometry schools look for the following:

- Optometry-related Clinical Volunteer Experience and/or Shadowing an Optometrist
  - See [www.gvsu.edu/clasadvising/preprofessional](http://www.gvsu.edu/clasadvising/preprofessional) for a list of optometrists in the area and the Healthcare Volunteering & Experience Guide
- Extracurricular and Leadership Activities: visit LakerLink at [www.gvsu.edu/studentorg](http://www.gvsu.edu/studentorg) to begin searching for organizations to join at GVSU. Be sure to check out the Pre-Optometry Club.
- Community service [www.gvsu.edu/service](http://www.gvsu.edu/service) (subscribe to their newsletter for frequent event updates)
- Research experience [www.gvsu.edu/ours](http://www.gvsu.edu/ours); Department websites: Listing of research by faculty member and discipline
- Strong letters of recommendation typically from faculty and an optometrist
- Your ability to pass a criminal background check (CBC). Optometry schools will conduct a CBC before allowing admitted students to begin optometry school

The Medical and Health Humanities Certificate, Intercultural Communications Certificate, and the Research Scholar Designation are great ways to attain competencies professional schools are looking for in applicants.

Keep a journal of your experiences so you have accurate records for your application; you can track service hours on “Laker Link” ([https://gvsu.campuslabs.com/engage](https://gvsu.campuslabs.com/engage)) if you would like. Include dates, hours, supervisors, and what you took away from the experience. This can also include awards and honors.

Want more information?
- Discuss other options and interests with your faculty advisor and/or CLAS Academic Advisor
- Attend events sponsored by the CLAS Academic Advising Center to assist you through this process while at GVSU.
- Check out summer programs like the Summer Health Professions Education Program: [www.shpep.org](http://www.shpep.org)
- Plan ahead using the Preoptometry Cocurricular Map (available on the Preprofessional website)
- Subscribe to the Preoptometry Google Group to receive helpful information while you are at GVSU. To join follow the instructions below:
  1. Sign into your GVSU student e-mail
  2. Send message to “preoptometry+subscribe@mail.gvsu.edu” > leave everything else blank
  3. Look for message in GVSU student e-mail with subject “Join request for preoptometry”
  4. Open the “Join request email” and click the blue “Join This Group” button
     a. If adding from a mobile device you must click desktop version in the footer after clicking “Join This Group”
  5. Welcome message will appear confirming you have been added to the group. Be sure to click on Join this Group button after reviewing group information.

### Sample Optometry School Curriculum (can vary by school)

<table>
<thead>
<tr>
<th>Years 1 &amp; 2</th>
<th>Courses in clinical sciences and vision science; basic science. Year 2 introduces direct clinical exposure.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year 3</td>
<td>Specialty courses with patient care. In March of Year 3, take a Part 1 Exam (NBEO)</td>
</tr>
<tr>
<td>Year 4</td>
<td>Rotations (4-12 weeks each). In December, take Part 2 Exam (NBEO), then Part 3.</td>
</tr>
</tbody>
</table>

To schedule an appointment with a Preoptometry Advisor in the CLAS Academic Advising Center, visit [www.gvsu.edu/clasadvising](http://www.gvsu.edu/clasadvising) and click on “Schedule Appointment”
