## CLAS Advising

### Preparing for Your Advising Appointment

We know planning ahead can be stressful; that's why the CLAS Academic Advising Center is here. The preprofessional advisors have compiled information to help ensure you are well prepared for your upcoming academic advising appointments. Please consider these before arriving to your appointment:

#### **Review MyPath**

Like a checklist, MyPath tracks what you have done and what you have left to do for you major, minor, and general education courses. It's a great visual for your time here at GVSU.

#### **Bring Questions**

There can be a lot of information discussed within a 30-minute advising session. Writing down your questions ahead of time will ensure you don't leave without getting your questions asked. Take notes during the appointment so you can reference the information later.
