Year Four			
PSY 400 – Advanced Research in Psychology Prerequisite: PSY 101, PSY 300, and course in relevant content area	3	PSY 492 – Advanced General (Capstone) Prerequisite: Senior standing	3
^{2,3} PSY 330 or 431 (Biological category) Prerequisite: PSY 101 or HNR 234 and PSY 300	3	⁵ PSY Major Elective Prerequisite:	3
Issue Course Prerequisite: Junior Standing	3	Gen Ed Course Prerequisite:	3
Elective Prerequisite:	3	Elective Prerequisite:	3
Elective Prerequisite:	3	Elective Prerequisite:	3
<i>Total</i>	<i>15</i>	<i>Total</i>	<i>15</i>

*The block tuition rate is for 12-15 credits. You will pay additional tuition for any credits over 15.

Notes:

¹ Students who self-place into WRT 098 should take this course in the fall semester and then take WRT 150 in the winter semester of their first year. Students who self-place into WRT 150 should normally take this course in the winter semester of their first year. Students will not need to take WRT 150 if they have earned credit for the course through AP/Dual Enrollment. A grade of C or better is required in WRT 150 in order to satisfy the WRT 150 requirement at GVSU.

² The Occupational Therapy program at GVSU is a Master's degree which requires the completion of a nationally-accredited bachelor's degree prior to the start of the program. No specific major is required.

³ The OT program requires a choice of PSY 330, or 431 or BMS 427. PSY 330 and PSY 431 are part of the Biological Category in the Psychology major.

⁴ Students must complete a total of two courses with a Supplemental Writing Skills (SWS) attribute.

⁵ See Reverse for Category and Elective courses within Psychology.

If you have received a minimum score of 3 on the **Advanced Placement (AP) Test in Psychology**, or have **CLEP or Dual Enrollment** credit for Introductory Psychology, you may take one 300-level (not PSY 300) course for which introductory psychology is the prerequisite during the second semester of your Freshman year.

Psychology students can pursue a Bachelor of Arts (BA) or Bachelor of Science (BS) degree. Students who wish to obtain a BA must fulfill 3rd semester proficiency in a foreign language (201 level). The BS degree requirements are incorporated into the major requirements and include STA 215, PSY 300, and PSY 400.

Declaring the Psychology Major:

1. Log into myBanner from the GVSU homepage
2. Once logged in select "Student," "Student Records," and then "Change Major"
3. Click on the "Change Major 1/Program" box
4. Click on the down arrow in the box next to "New Major 1/Program," from here scroll down and choose "Psychology-BA" **OR** "Psychology-BS" depending on your degree
5. Click "Submit" and then click "Change to New Program"

General Education Overlap

General Education Categories fulfilled by the Major and OT Prerequisites:	
Life Sciences with Lab: BMS 202	Social and Behavioral Sciences: PSY 101
Mathematical Sciences: STA 215	

Psychology Major Requirements (36 credits) A major GPA of 2.0 or higher is required Psychology Core Courses: <u>PSY 101</u> , <u>PSY 300</u> <u>PSY 400</u> , and <u>PSY 492</u>		
Psychology Categories		
In addition, choose one course from each of the following six categories; prerequisite for all courses: PSY 101 or HNR 234 unless otherwise noted		
— Cognitive _____ (3)	— Developmental _____ (3)	— Social context _____ (3)
PSY 357 Psychology of Language Prerequisite: none PSY 361 Perception PSY 365 Cognition	PSY 301 Child Development PSY 305 Infant and Early Childhood Development PSY 331 Adolescent Development PSY 364 Life Span Development	PSY 355 Psychology and Culture PSY 360 Social Psychology PSY 381 Group Dynamics Prerequisite: PSY 101 or HNR 234 or SOC 201 PSY 445 Industrial/Organizational Psychology
— Personality/Clinical _____ (3)	— Biological _____ (3)	— General _____ (3)
PSY 303 Psychopathology PSY 324 Developmental Psychopathology Prerequisite: PSY 301 PSY 420 Theories of Personality PSY 452 Counseling Theories and Applications Prerequisite: PSY 303	PSY 375 Comparative Psychology PSY 430 Physiological Psychology Prerequisite: PSY 101 and PSY 300 PSY 431 Introduction to Neuropsychology Prerequisite: PSY 300 PSY 432 Psychopharmacology Prerequisite: PSY 300	PSY 311 Controversial Issues in Psychology Prerequisite: WRT 150 PSY 362 Environmental Psychology Prerequisite: none PSY 366 Perspectives on Aging Prerequisite: PSY 101 or PHI 101 PSY 405 History and Systems Prerequisite: PSY 300 PSY 410 Tests and Measurements Prerequisite: STA 215 or STA 312 PSY 370- Cognitive Neuroscience
Electives		
Complete an additional two courses, totaling a minimum of 6 credits. These can be selected from among those listed above, taking a second course in a category, or students can select from any Psychology course that is not otherwise required for the major. See list below for additional options.		
— Elective PSY _____ (3)	— Elective PSY _____ (3)
