

# Doctor of Pharmacy

The School of Pharmacy delivers a comprehensive education in a contemporary, innovative environment. Our graduates start their careers ahead of their peers thanks to collaborative, active learning that matches actual pharmacy work. With a focus on caring for the whole person, you'll become a confident patient advocate and principled practitioner of disease management and good health.

### APPLICATION MATERIALS

Submit all required materials directly to PharmCAS at [pharmcas.org](http://pharmcas.org), to include:

- | Online application
- | One letter of recommendation
- | Official transcripts of all college course work
- | Application essay
- | Supplemental questions
- | PCAT (optional)

Application screening is performed by the Office of Admissions. Candidates meeting selection criteria are invited to interview on campus from October-April. Program eligibility is pending the successful completion of outstanding prerequisites and compliance requirements.

### TUITION AND FINANCIAL AID

Tuition for the 2020-2021 academic year:

- | \$1,095 per credit hour

To learn about financial aid options available, contact the financial aid office at 800.568.8932 or visit [regis.edu/financialaid](http://regis.edu/financialaid).

### DATES TO REMEMBER

- | Application opens: Mid-July
- | Early decision deadline: Early September
- | Priority deadline: Early January
- | Final deadline: Early March

### EXPERIENTIAL & SERVICE LEARNING

In addition to classroom instruction, the Pharm.D. curriculum at the Regis University School of Pharmacy has a distinctive experiential program. We provide students with 11 different clinical education opportunities throughout Colorado, as well as nationally and abroad. These hands-on experiences under the guidance of over 800 professional preceptors, provide real world exposure to practice pharmacy first hand. Students will interact and engage with various individuals of diverse demographics and socioeconomic backgrounds, promoting an appreciation for all unique perspectives.

**PHRM 730** Pharmacy and the United States Health Care System

## YEAR II

**Fall Semester**  
17 credit hours

**PHRM 752** Introductory Pharmacy Practice Experience 2  
**PHRM 705** Integrated Pharmacotherapy 5  
**PHRM 706** Integrated Pharmacotherapy 6  
**PHRM 723** Integrated Pharmacy Laboratory 3  
**PHRM 727** Integrated Literature Evaluation 1  
**PHRM 728** Integrated Literature Evaluation 2

**Spring Semester**  
17 credit hours

**PHRM 753** Introductory Pharmacy Practice Experience 3  
**PHRM 707** Integrated Pharmacotherapy 7  
**PHRM 708** Integrated Pharmacotherapy 8  
**PHRM 724** Integrated Pharmacy Laboratory 4  
**PHRM 731** Pharmacoeconomics  
Variable Elective 1

## YEAR III

**Fall Semester**  
17 credit hours

**PHRM 754** Introductory Pharmacy Practice Experience 4  
**PHRM 709** Integrated Pharmacotherapy 9  
**PHRM 710** Integrated Pharmacotherapy 10  
**PHRM 725** Integrated Pharmacy Laboratory 5  
**PHRM 732** Leadership and Management  
Variable Elective 2

**Spring Semester**  
17 credit hours

**PHRM 755** Introductory Pharmacy Practice Experience 5  
**PHRM 711** Integrated Pharmacotherapy 11  
**PHRM 712** Integrated Pharmacotherapy 12  
**PHRM 726** Integrated Pharmacy Laboratory 6  
**PHRM 743** Faith Traditions in Health Care  
Variable Elective 3

**Summer Semester**  
12 credit hours

**PHRM 760-767** Advanced Pharmacy Practice Experience  
**PHRM 760-767** Advanced Pharmacy Practice Experience

## YEAR IV

**Fall Semester**  
18 credit hours

**PHRM 760-767** Advanced Pharmacy Practice Experience  
**PHRM 760-767** Advanced Pharmacy Practice Experience  
**PHRM 760-767** Advanced Pharmacy Practice Experience

**Spring Semester**  
18 credit hours

**PHRM 760-767** Advanced Pharmacy Practice Experience  
**PHRM 760-767** Advanced Pharmacy Practice Experience  
**PHRM 760-767** Advanced Pharmacy Practice Experience

## TOTAL: 150 CREDIT HOURS

## PREREQUISITES

- | English Composition
- | Speech Communications
- | Social Sciences
- | Religious Studies (waived with bachelor's degree)
- | Calculus
- | Economics
- | Principles of Chemistry 1 & 2 with lab
- | Organic Chemistry 1 & 2 with lab
- | Intro to Human Anatomy
- | Intro to Human Physiology
- | Principles of Cellular & Molecular Biology with lab
- | Principles of Organismic Biology with lab
- | One of the following biology classes with lab, or upper division equivalent: Biochemistry, Cell Biology, Genetics & Genomics, Immunology, Microbiology, Molecular Biology
- | General Electives (9-12 credit hours)

## MAKE YOUR DEGREE WORK HARDER.

Our dual master's degrees combine information and technology with patient care or management, administrative, and business knowledge with pharmaceutical knowledge through a M.S in Health Informatics or Health Services Administration. Or, in your second year, you may elect to enroll in our 12-credit Certificate in Pharmaceutical Industry Affairs, which equips graduates for the increasingly competitive nature of industry fellowships by focusing on critical thinking, communication skills and drug development as a complex, comprehensive system. Double your skills - and your hiring potential.
