It is possible to reduce total credits, semester course loads, and time to graduation.

Options for reducing total credits, semester course loads, and time to graduation:

1. Some General Education courses fulfill more than one requirement.
2. General Education or studio requirements can be fulfilled in summer study abroad programs, or studio intensives.
3. General education coursework can be completed in Spring/Summer sessions.
4. Internships can be taken in the summer.
5. You may opt to extend your time in school to 4.5 or 5 years.
