¹Students planning on professional or graduate school should complete CHM 115, 116, 241, 242, 461 and PHY 220 and PHY 221. See the Preprofessional Advisors in the CLAS Academic Advising Center for more information.²A grade of C or better is required in WRT 130 or 150 in order to satisfy the WRT requirement at GVSU.³MTH 122 is required for CHM 116. **Take the Math Proficiency Tests for MTH 122 and/or 123 online: www.gvsu.edu/s/mv**⁴Students must have a **minimum of 120 credits** to graduate with **58 of the 120 credits** being from a senior level institution and the **final 30 of the 120 credits** completed at GVSU. Elective refers to any course that will help meet these requirements.⁵Students must complete a total of two courses with an SWS attribute.⁶NRM 497 is a spring/summer course and can only be taken if NRM 496 is completed in the winter.

Declaring the Wildlife Biology Major:

1. In myBanner, select “Student” > “Student Records” > “Change Major” > “Change Major 1/Program”
2. Choose “Wildlife Biology-BS” from the drop-down box.
3. Click “Submit” and then “Change to New Program”

General Education Categories fulfilled by the Wildlife Biology major:
Life Science and Physical Science: BIO 120 and CHM 109 or CHM 115 (all fulfill lab requirement)
Mathematical Sciences: STA 215
Philosophy & Literature: COM 202*
Issues (recommended): BIO 338-SWS* and NRM 451*

*By choosing the correct general education classes, graduates can be eligible for certification as an Associate Wildlife Biologist by the Wildlife Society. More information can be found at, www.wildlife.org. Please consult with your faculty advisor.

Students must complete electives from each category as described below.
