## Faculty Biography

# Frank Sylvester

### Teaching Disciplines:

Physiology and Anatomy

### Teaching Philosophy:

The pursuit of knowledge at a university such as GVSU is a noble pursuit and I thoroughly enjoy assisting students on their academic journey. As a professor, I work diligently to facilitate student learning as an insightful explainer, engaging mentor, and supportive colleague.

### Research Interests:

I am a cardiovascular researcher with a particular interest in the regulation of blood flow throughout the body.

Link to research publications:

<https://doi.org/10.47611/jsr.v4i1.218>

### Professional Activities:

GVSU Institutional Animal Care and Use Committee  
Chair

### Community Service:

Knights of Columbus Council #8425, 4-H

### Personal Interests

Old American cars, farming, and construction

### Fun Fact

I have a 1957 Chevy pickup and a Camaro Z28.
