

Faculty Biography

Meagan Stoll

VISITING FACULTY

DEGREES:

M.S., Cell & Molecular Biology,
Biotechnology Emphasis,
Grand Valley State University,
2014

B.S., Biology, Grand Valley
State University, 2010

Contact Information

OFFICE: 314 HENRY

PHONE: 616 331 2767

EMAIL: stollme@gvsu.edu

Teaching Disciplines:

Anatomy & Physiology

Teaching Philosophy:

I am passionate about educating students so they can better understand the scientific and medical issues facing our society. I try to expose students to some of the lesser-known careers of medicine such as cytotechnology. I strive to make my students comfortable in the classroom and strive for them to see me as an ally in their educational pursuit.

Scientific Interests:

Laboratory Medicine, Histology, Reproductive
Technology

Professional Activities:

Licensed ASCP certified Technologist in
Molecular Biology

Community Service:

I have been a board member and foster of a dog rescue since 2012.

Personal Interests:

Puzzles and Cross-stitching

A Fun Fact:

I spend my summers boating and fishing at the lake with my husband and three daughters.
