"BASIC NEEDS AREN'T 'BASIC', THEY'RE ESSENTIAL."

The GVSU Replenish Basic Needs Center is a physical & virtual space that supports and promotes equitable access and success for all learners by offering free basic needs items while connecting students to essential services. Replenish helps students meet the short-term challenges of accessing basic needs while building and advocating for long-term support services to address essential needs using a holistic and social justice approach.

GET INVOLVED

Donations

Replenish is sustained through donations by the GVSU community. Perishable and non-perishable food, personal care, household, clothing, school supplies and infant items may be dropped off at Replenish or the Gayle R. Davis Center for Women and Gender Equity during business hours.

Checks can be made payable to CWGE with "Replenish" in the memo line. Donations are tax-deductible and a receipt will be issued by University Development.

Volunteering

Replenish Basic Needs Center relies on our community to keep us going. You can help us continue supporting Grand Valley students by giving your time through volunteering, making a monetary donation, or donating perishable and non-perishable food and items.

Host a Food Drive!

We rely solely on donations and the time and talents of volunteers and our community to run Replenish Basic Needs Center. Hosting a donation drive is simple, easy way to make a meaningful impact on the Grand Valley community. We can work with your team to help select dates and drop-off time that works for you. We ask that your group reach out to all members using the provided marketing materials to help maximize the impact of your donation drive.
