# Adaptive Release - Controlling Availability of Content, Tests or Assignments

Adaptive release allows an instructor to control the availability of a test, assignment, or other content to a student or a group of students based on rules set by the instructor.

Adding an Adaptive Release

Step 1. Click on the dropdown arrow next to the item where an adaptive release will be added.

Step 2. Select the type of criterion for the adaptive release. Three choices are available: Date, Membership, and Grade.

Setting a Date Criterion

Select the start and end dates for the content item, assignment or test.

Scroll to the bottom of the page and click **Submit.**

***Note: The dates for a test are always set from the Edit the Test Options** screen. The display dates in the **Edit the Test Options** area <u>always supersede</u> Adaptive Release dates. Therefore, if you need to extend an exam to allow students to take a makeup, you MUST go to the Edit the Test Options screen to change the Display Dates. Do not use both.*

Setting a Membership Criterion

Click on the **Browse** button to locate the users, who will be subject to the adaptive release.

MEMBERSHIP

This content item is visible to all users until a Membership criterion is created. Users must be specified in the Username list or must be in a selected Group.

| Username | | Browse... |

*Enter one or more Username values or click **Browse** to Search. Separate multiple Username values with commas.*

Click **Go** to see the full roster or you can search for individual students.

Course Membership

Search [Username ▼] [Contains ▼] [   ] [Go]

No users found

Click the box next to the student's name to select him. Then click **Submit**.

	FIRST NAME	LAST NAME △	USERNAME	EMAIL	ROLE
☐	Vince-Student	St. Germain	stgermav.student	stgermav@mail.gvsu.edu	Student

Displaying **1** to **1** of **1** items   [Show All]   [Edit Paging...]

[Cancel]   [Submit]

The student or students' names will appear in the box next to the Browse button.

| Username | stgermav.student | Browse... |

*Enter one or more Username values or click **Browse** to Sec*

Scroll to the bottom of the page and click **Submit.**

Setting a Grade Criterion

You can set the content item so that its release is dependent upon criteria from a specific grade book column. For example, you can require that a previous quiz grade be higher than 70 before the second quiz is released. To set the adaptive release for a grade criterion, select the grade center column that applies, then select the condition that must be met.

GRADE

This content item is visible to all users until a Grade criterion is created. Possible points for a Grade Center grade or calculated column are listed in brackets beside the column name. The score entered must be numeric.

Select a Grade Center column   None ▼

Select Condition   ⦿ User has at least one attempt for this item
An attempt is recorded in the Grade Center when the user submits a Test, Survey, or Assignment, or when a grade is entered or edited.

○ Score ○ Percent Less than or equal to ▼ [   ]
○ Score ○ Percent Between [   ] and [   ]

Condition options can be **Less than or equal to**, **Greater than or equal to**, or **Equal to** the score or percent shown in the selected column.

○ Score ○ Percent Less than or equal to ▼ [   ]
○ Score ○ Percent Less than or equal to

Greater than or equal to

Equal to

Condition options also include setting a score or percent range.

○ Score ○ Percent Less than or equal to ▼ [   ]
○ Score ○ Percent Between [   ] and [   ]

After setting the grade condition, scroll to the bottom of the page and click **Submit.**
Advanced Adaptive Release

Advanced adaptive release allows instructors to create multiple rules and criteria to govern the release of content to students. Each rule can have multiple conditions and each advanced adaptive release can have multiple rules. Multiple rules function as an "OR" logic, meaning that the content would be released to students if they fulfill the criteria related to at least one of the rules.

Step 1. Click on the dropdown arrow next to the item where an advanced adaptive release will be added.

Quiz 1 ⌄

    Set Review Status(Disabled)

    Metadata

    Statistics Tracking (On/Off)

    User Progress

    Move

    Item Analysis

    Change Due Date

    Delete

Step 2. Create a rule by clicking on the **Create Rule** link. To create more restrictions that a user must satisfy, add criteria to one rule. To create more potential ways for a user to see the content, create multiple rules.

Create Rule

Content Status: Available
Date Restrictions: Display After Mar 18, 2020 11:09 AM , Display Until Mar 18, 2021 11:59 PM
There are no rules for this item. Click **Create Rule** to add a rule.

Give the rule a name. By default, **Rule 1** is provided as the name. You can change it to anything you want. Click **Submit**.

Once the rule has been created, you can manage the rule by creating criteria. Adding criteria will narrow the ability of users to view the content item. **If the item is unavailable, all rules will be ignored**. If there are date rules on the item, **those dates will narrow any date criteria rules set on this page**.

Step 3. Point your mouse on the **Create Criteria** link and choose Date, Grade or Membership.

Create Criteria ∨   **Review Status**

Date

Grade

Membership   Mar 18, 2020 11:09 AM , Display Until Mar 18, 2021 11:59 PM

No criteria exist. This rule will not prevent access to this content for users.

Whether you choose Date, Grade, or Membership, the setup is exactly the same as setting a singular adaptive release.

Date

SET DATE

Setting a Date criterion for this item will restrict the dates and times of the visibility of this item.

Choose Date   ☑ Display After   03/18/2020   🗓   11:09 AM   🕐
                 Enter dates as mm/dd/yyyy. Time may be entered in any increment.

                 ☑ Display Until   03/18/2021   🗓   11:59 PM   🕐
                 Enter dates as mm/dd/yyyy. Time may be entered in any increment.

Grade

GRADE

This content item is visible to all users until a Grade criterion is created. Possible points for a Grade Center grade or calculated column are listed in brackets besid

COURSE GROUPS

No groups have been created.

In the example below, Rule 1 now has three criteria. Two users must earn a score of 70% or higher on a file upload assignment between May 1, 2020 and August 31, 2020 in order to have access to Quiz 1, which is the content item subject to the advanced adaptive release.

Manage Criteria: Rule 1

Adding criteria to this rule will narrow the ability of users to view this content item. If the item is unavailable, all rules will be ignored. If there are date rules on the item, those dates will narrow any

Create Criteria ⌄   **Review Status**

Content Status: Available
Date Restrictions: Display After Mar 18, 2020 11:09 AM , Display Until Mar 18, 2021 11:59 PM

Delete

	CRITERIA TYPE	DESCRIPTION
☐	Membership	2 Users
☐	AND Date	Display After May 1, 2020 11:09 AM, Display Until Aug 31, 2020 11:59 PM
☐	AND Grade	File upload (Greater than or equal to 70.00%)

Delete

After completing the criteria for the rule, click. **OK.** You will be returned to the Adaptive Release: Advanced page showing the list of rules in place.

Adaptive Release: Advanced

A rule is a set of criteria that determines the visibility of this content item to users. If multiple rules are created, the content will be visible to the user if any of the rules are met. For content to be released to a user, that user must satisfy all criteria in one of the rules below. To create more restrictions that a user must satisfy, add criteria to one rule. To create more potential ways for a user to see the content, create multiple rules. Add, edit, or delete criteria in any rule by selecting Edit in the rule's contextual menu.

Create Rule
