

## Create a Mashup Item (Adding Video to your Bb course)

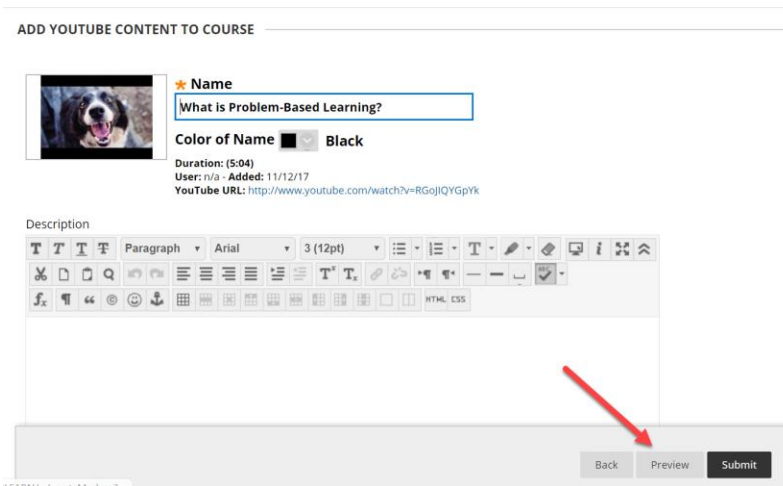

1. Navigate to the Content area of your Course.
2. Select Flickr Photo, Slideshow Presentation, or YouTube Video or Panopto Video Embed from the Build Content “Mashup” drop down list.

3. Search for content.

4. Click Preview to examine the items.

5. Click Submit for the appropriate item.
6. Change the Name of the item. This is a required field.

7. Type a Description of the Mashup.
8. Set the Mashup Options.

*Mashups are displayed in the following ways:*

- Embed: The Mashup displays directly on the page when a student opens the item.
  - Thumbnail View with Player: A small picture of the Mashup displays on the page with controls to launch it.
  - Text Link with Player: A link to the Mashup is displayed on the page. Students click the link to launch the Mashup.
9. Attach additional content items to the Mashup by clicking Browse My Computer or Browse Course Files.
