

Sharing videos using URLs in Panopto

This tutorial will explain how to share a Panopto videos using a URL.

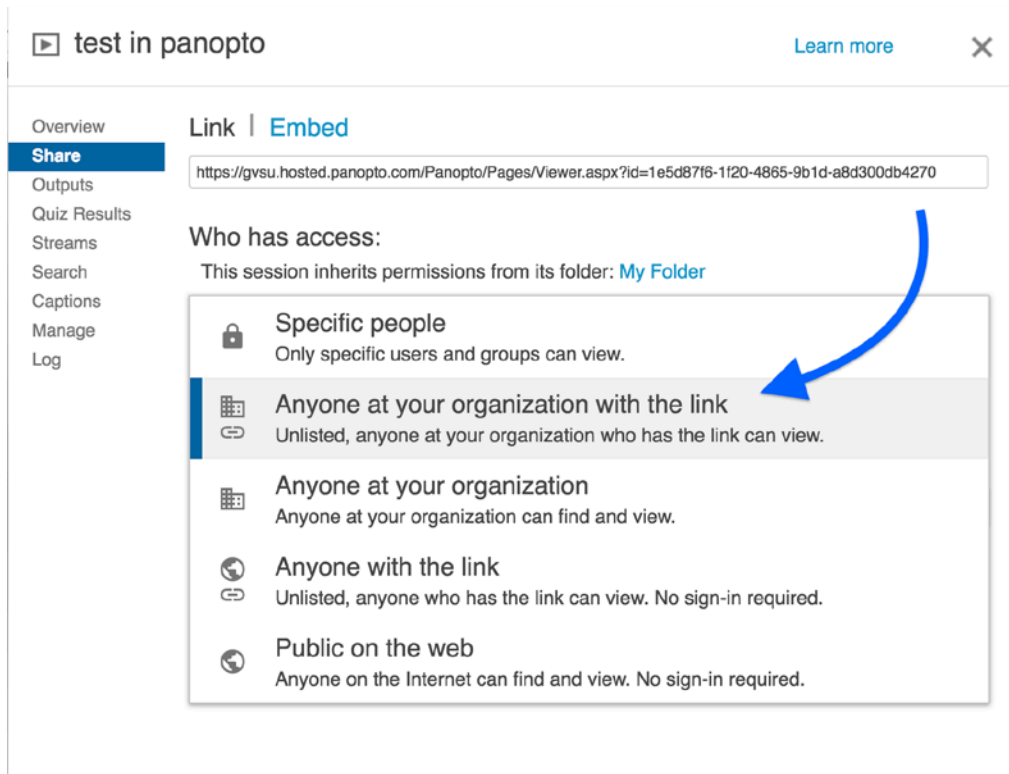

Finding the Share Button

To begin, hover your cursor over the video you'd like to share and click the share button.

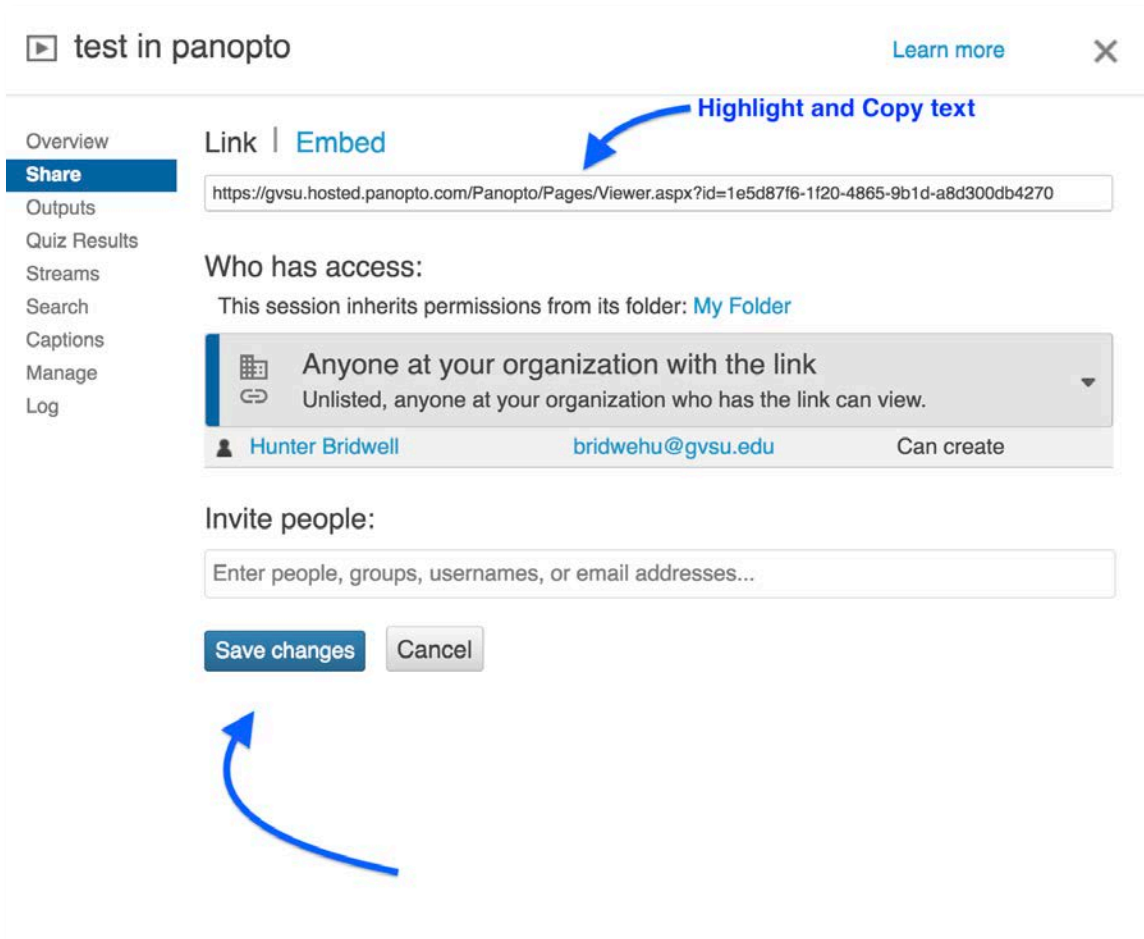

Setting Access Permissions

In the share screen, assign the “Who has access” set the access to “Anyone at your organization with the link”

Saving and Finding the URL

Click the “Save Changes” button. The URL at the top of the page under the “Link” heading can be then copied and pasted.

The screenshot shows the 'Share' interface for a Panopto session titled 'test in panopto'. The interface includes a sidebar with navigation options: Overview, Share (highlighted), Outputs, Quiz Results, Streams, Search, Captions, Manage, and Log. The main content area has two tabs: 'Link' and 'Embed'. A blue arrow points to the 'Link' tab with the text 'Highlight and Copy text'. Below the tabs is a text box containing the URL: `https://gvsu.hosted.panopto.com/Panopto/Pages/Viewer.aspx?id=1e5d87f6-1f20-4865-9b1d-a8d300db4270`. Underneath is the 'Who has access:' section, which states 'This session inherits permissions from its folder: My Folder'. A dropdown menu is open, showing 'Anyone at your organization with the link' and 'Unlisted, anyone at your organization who has the link can view.' Below this, a list of users is shown, including 'Hunter Bridwell' with email 'bridwehu@gvsu.edu' and permission 'Can create'. The 'Invite people:' section has a text input field with the placeholder 'Enter people, groups, usernames, or email addresses...'. At the bottom, there are two buttons: 'Save changes' and 'Cancel'. A blue arrow points from the bottom left towards the 'Save changes' button.
