## SHOW TEST RESULTS AND FEEDBACK TO STUDENTS

To set what students will see after concluding a test/quiz got to Edit the Test Options.

Scroll down to SHOW TEST RESULTS AND FEEDBACK TO STUDENTS

Blackboard offers 2 option for feed back to you students.

If you select after Submission and keep the check in Score per question

Students will see the full test question and how many points per question they received. They do not see any of the answers.

Select all of the boxes

Students will see the question, all answers and which one they select and the correct one.

If you do not Select All Answers

Students will see

Question 1

Which US city has the most bridges

Selected Answer: ✅ New York City
Correct Answer: ✅ New York City

Question 2

Which US city has the most bridges

Selected Answer: ❌ Seattle
Correct Answer: ✅ New York City

Selecting submitted only

WHEN ⓘ	SCORE PER QUESTION ⓘ	ANSWERS ⓘ
After Submission ▼	☐	☐ All Answers ☐ Correct ✔ Submitted

Students see the question and only the answer they selected with out knowing if that was correct or not.

Question 1

Which US city has the most bridges

Selected Answer: New York City
