

Connect iPad or iPhone to GVSU wireless

1. Open **Settings** on your iPad or iPhone.
2. Tap **Wi-Fi**.
3. Select the appropriate **Network** under **Choose a Network**.*

*Choose **GV-Faculty-Staff** if you are Faculty/Staff or **GV-Student** if you are a Student. **EDUROAM** is for anyone with a login ID from a school or university that participates in the EDUROAM network. **GV-Guest** is for guests of GVSU who have received a Guest ID and password.

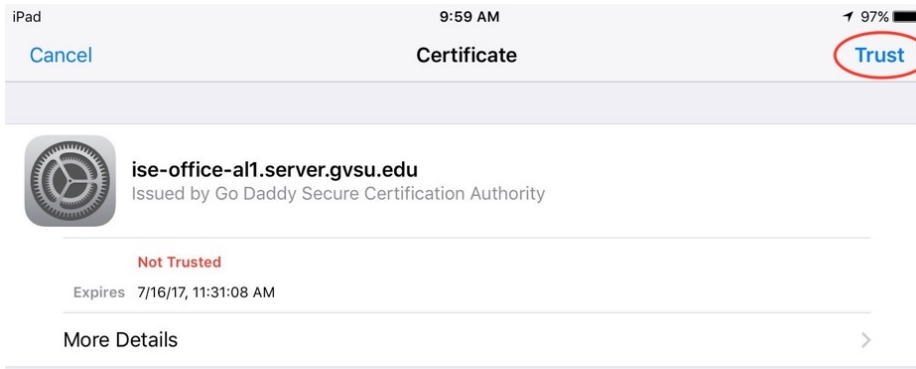

4. Enter your username and password. This is the GVSU network ID and password you use to log into your email and Blackboard accounts.

5. Tap **Join**.

6. Select **Trust** on any certificate notices that pop up.

7. Once you have successfully connected you will see a checkmark next to the selected Wi-Fi network and the Wi-Fi symbol  in the upper left corner of your device.
