

Dear Faculty and Staff,

Thank you to everyone who joined our Workday Student feedback sessions in November! We greatly appreciated hearing from so many of you who use Banner and expressed your desire to be involved as early as possible with the Workday Student project.

Building on your feedback, we're excited to invite you to the first all-faculty and staff Workday Student Project Update session on January 15, where you'll have the chance to:

- Learn about what has been designed and decided so far in Workday Student with topics such as academic units, class standing, attendance plan, the academic calendar, and more.
- Hear updates from various teams including Records, Curriculum and Advising, Academic Foundations, Student Financials, and Financial Aid
- Get an early-stage glimpse of Workday Student, including how it will look when you search for a course
- Ask questions via chat for real-time and follow-up response
