

Visitor Bus Parking

Welcome to Grand Valley State University. Parking for visiting buses will be accommodated in the western portion of Lot B2 located on north campus (please review diagram above). Buses are required to move into this area after drop-off. Buses are to use row spaces only and pull through to minimize the number of occupied spaces. Below is an example of row parking and yellow represents a parked bus. If there are questions about parking a bus on campus, please contact Parking Services at 616-331-PARK (7275).
