Special Event at the Mary Idema Pew Library Learning and Information Commons

Before you leave campus, be sure to visit the **Technology Showcase** located in room 012 in the Atrium of the Pew Library Learning and Information Commons, south of Padnos Hall. This exciting showcase features innovative emerging technologies to enhance teaching and learning in the classroom. Learn how the showcase provides GVSU faculty and staff members and students with an immersive and engaging environment to **interact**, **discover**, **learn**, and **share** the endless possibilities of the future.
