

New Waste Management System

GVSU HOLLAND IS REPLACING TRASH CANS WITH RECYLING HUBS & PERSONAL RECYLING CONTAINERS

Your trash can has left the building. Please use the recycling hubs located near

the front entrance or kitchenette to responsibly dispose of your waste.

PERSONAL RECYCLING BINS are available upon request at the welcome center.

What is a Personal Recycling Bin?

If you plan on generating a lot of waste, you can accumulate it in the provided bin.

At the end of the day, sort your waste at the recycling hubs (gloves are available at the welcome center upon request)

Recycle your personal recycling bin in the “paper/cardboard” bin or reuse it.
