New Business

- Badge Review (discussion)
 - What and how do we (and GVSU) understand, define, and use the term “badge”?
 - Discussion: classes and badges (value of having a badge associated with a course allows learners to claim specific skills/credentials that coursework may not readily translate to in a virtual platform; this is important from an outward facing perspective)
 - Badge proposal in SAIL - consider minor revision to the SAIL form #2 (connected to key skills, to make clearer for proposers)
 - The [OEMC website](#) and GVSU’s “[Digital Badges](#)” website have been updated with information about proposing badges via SAIL and new OEMC members are now listed on the OEMC website, too.
- Badge proposal review (asynchronous review and follow-up discussion)
 - [Non-Profit Executive Board Management - Part 2](#)
 - For further reference, see [Non-Profit Board Executive Management - Part 1 form](#) (already reviewed and approved by the OEMC)
 - **NEW (and moving forward) - Reviewer comments** (everyone, please indicate your motion below (i.e., approve as proposed; approve with

amendment; return for amendment); please also post any/all other feedback on this proposal with your motion

- Reviewer consistency and expectations (Erica)
 - Course reviews (some points for discussion and clarity)
 - *All prompts in the SAIL new or change course proposal forms must be fully and clearly addressed*
 - *All MOEs listed in the SOR must be explicitly named and explained (if it's a discipline-specific MOE that's not readily understood). Proposers should indicate how each MOE will be supported/facilitated/assessed in an online course, and the technology(s) used to support these MOEs should also be indicated.*
 - *Sometimes additional MOEs in the change course proposal are included/addressed (this is fine) but only those on the SOR are expected to be included and addressed in the course proposal form.*
 - *It is ok to disagree with a review partner (and it's ok for the chairperson to override a motion)*
 - *For anything not specifically in the purview of the OEMC, advisory comments can be shared/offered*
 - *An exemplar: SPA (Log# 11875)*
- IF TIME: Hyflex/Dual Delivery definitions - revisit conversation from earlier this semester (this was put on hold on 9/29/21); see [9/8 agenda](#) for more context/information
 - Implications for new/change course proposal processes and approval categories
