- Credit hour definition

Action: Discussion of materials distributed earlier to UCC by M. Cimitile and R. Adams.

Several points of action resulted from the discussion:

1. UCC chair will draft a listing of curricular activities and possible hours of activity per credit hr. for each and request that Unit Heads across the university comment on which applies to their departments, departures from them, etc.
2. Is it possible to adopt and re-align other documents posted by other universities?
3. UCC needs to review the ranges reported by unit heads and then define the general range of activity for credit hour assignment. This will then be posted in the catalog as well as online in a variety of places as to be visible.

Adjourn: 4:00 PM
