Report from the Chair
1. Film and Video Production (FVP) and Photography (PHO) wanted to change several (~34) existing courses from "Lecture/Discussion" activity type to "Studio". These changes will ensure the course activity matches the actual delivery format. All of these also meet our own credit hour definition, as well as the accreditation requirements National Association of Schools of Art and Design. Instead of making them do individual Course Changes, I thought it reasonable to approve all of these wholesale. Ellen agreed and we told Records to make the changes. Besides the credit hour definition, I'm not sure where else the course activity is used. Maybe Records for ensuring courses are put into appropriate rooms.
2. As UCC chair, I also serve as the chair of the Online Education Council (OEC). Next semester, Amy Schelling will chair OEC, but it needs another member. Ideally, it would be a UCC member that has experience with online courses. Please consider serving and let me know if you are interested. OEC mostly meets online, and when they do meet face-to-face it is the hour before UCC in the same room. Couldn't be easier.
