Report from the Chair:

- 1) The Chair reports receiving the OEC second charge revisions from OEC and sent to UCC committee members. Motion to accept revised charge responses from OEC was passed. The Chair will move this forward.
- 2) The Chair also reported that he has met with the COE Curriculum Committee.
- 3) The chair suggested that an audit could be conducted regarding how long proposals take to move through the curricular process, which could inform our understanding of the process and also help us to address issues that may arise.

Report from the Provost:

- 1) Ellen reported on some issues occurring in CIS, for example 0.5 credit chunks in courses. COE and CIS are also discussing micro credentials and badging. Do we have the correct forms/approval process in SAIL? Other issues that arise were briefly discussed and are being managed, for example, do we have ideas about how units deliver courses? What about zero level courses, etc.
