**Report from the Chair:**

- 1) A request for a moratorium on the second Clinical Dietetics track is being made. UCC Chair asked for consent from UCC to enable the Clinical Dietetics program to move forward with the proposed changes with the understanding that this track would not be operating and therefore the proposed changes in the first track would not cause scheduling problems for some courses. Other changes to the proposal were made regarding prerequisites (CD 600) will be handled by the fast-track process (dropping a prerequisite) and proposal will not be forwarded until these actions are completed.
- 2) Proposed changes to the UCC policy concerning guidelines for cross listed courses was discussed and a draft of a memo was reviewed. The memo will be distributed prior to the next meeting of the UCC.
