**Meeting #14**

**Called to Order:** 2:03 PM

**Consent Agenda: approved**

- Approval of Agenda for 2/3/21
- Approval of Minutes from 1/27/21

**Report from the Chair:**

- 1) Should UCC develop some guidance to CCC's and authors of combined degree proposals as more may be on the horizon. A number of challenging issues are apparent with combined degrees that cross colleges. We should agree that we need clarity on our end for those developing combined degree programs. As a result of discussion, the UCC Chair will develop a recommended set of issues that authors may need to consider when proposing such programs.
- 2) The UCC Chair also reported that there have been some individual course actions that were approved that may not have been consistent with associated Program changes. The UCC Chair reminded all to inform him when something is noticed as UCC actions can be amended, especially if it is soon after a meeting.
- 3) The UCC Chair reminds those in each college to check to see when their term is up, if they are interested in serving another term on UCC.
- 4) During this meeting, the UCC Chair indicated that he failed to indicate that the UCC had a request for waving of the activity hour/credit hour ratio for several courses that were part of a curricular change for Medical Dosimetry. The Chair shared the request with the committee and will email it out to members and report on the email 'vote' on support/not support at the next UCC meeting.
