Report from UCC Chair:

- 1) UAS Charges for 21-22 were reviewed. There are 6 charges, several of which will be accomplished by the Chair. In one of the Charges, The Honors Curriculum Committee needs a UCC member to step up to be a member of that committee. The Chair will request that the Honors College Curriculum Committee change their membership to allow that to happen. Current UCC members should indicate their interest to the Chair, who will reduce your workload in exchange for that service. There is a charge regarding the proposal of a "leadership and succession plan" for this committee. A market research discussion will ensue at some point. Lastly, UCC is being asked to propose any changes needed for representation on UCC from the respective colleges to the UAS for consideration.
2. The Chair has asked for UCC to consider enabling CBL proposals into the SAIL system, as prerequisite fast track changes are currently being done.
3. The OEMC SAIL form changes for Badges were reviewed, with discussion led by Barb Hoogenboom, UCC representative on OEMC. Motion was made to support the new form as presented; Motion was supported by UCC.

Report from Provost:

- 1) Ellen Schendel asked that UCC members try and attend a Provost search forum this week.
- 2) Proposed change in language related to certificates in SAIL (re: to choose what type of certificate that they are offering) was discussed, and as the change was not curricular, needed no action by UCC. Change is in how undergraduate stand-alone certificates may now be proposed.
