- Create a document for college committee chairs to consider when reviewing proposals. Curricular roadshow and UCC guidelines document in progress. *What kinds of information and at what points should CCC's consider as they prepare proposals for UCC review?*
- Clarify the role of market research ([www.gvsu.edu/data](http://www.gvsu.edu/data)) in the curricular process and adjust SAIL form as needed.
- Address community-based learning and have a form in SAIL that addresses this.

**Report from Provost:** Curriculum Roadshow email invitations went out today to Associate Deans and curriculum chairs. Please join if you can. There are two dates offered: 9/28 from 4-5 and 9/30 from 12-1.

The goal is to increase communication and efficiency in curricular process. Also, chairs and vice chairs of curriculum committees are invited to meet this fall to find efficiency in the processes that currently exist. Goal is to make a collective set of recommendations to streamline our process.

CBL designation. See website: <https://www.gvsu.edu/community/community-based-learning-courses-7.htm>. Erica is interested in getting this criteria into SAIL. How to delineate CBL on transcript?
